Respectfully,
FRED G. HAAS,
Salina, - - - Kansas.

WE ARE NOT GOING OUT OF BUSINESS.

But we will for fifteen days sell our Ladies Best Dongola \$5.00 shoes for \$2.75.

City Council Meeting

At a special session of the city council on the 28th inst., Mr. Craven presented a petition signed by 105 citizens, asking for new assessment of the city property. Mr. Bristol stated that he had made enquiries of the county treasurer and learned that throughout the county, except in the immediate neighborhood of Salina, the assessment was very little higher than last year. The mayor referred the petition to the committee on ways and means, asking that the committee confer with the county commissioners on the subject of assessment, and take such action as they deem necessary. Mr. Bristol moved that an order be given for the release of Misses Parks and Simpson, incarcerated in the county jail. Taylor Miller, in behalf of the county commissioners, presented to the council the question of remunerating the Park policeman. On motion of Mr. Underwood, the matter was referred to a committee to report to the council. The committee appointed is as follows: Messrs. Underwood, Craven and Tramm. Mr. Craven spoke of the door leading from the city hall to the Wright building, as needing attention. On motion the matter was referred to Mr. Dunn. On motion of Mr. Craven the city clerk was empowered to instruct Mr. Pike that the right be removed from Mulberry to South street. On motion of Mr. Bristol the matter of the telephone ordinance was referred to the committee on ways and means. An ordinance appropriating money for the salary of the park policeman was passed. On motion of Mr. Bristol the committee on corporations was instructed to see Mr. Pike concerning the substitution of lights for gas lights on all streets. After which the council adjourned.

Assessors' Meeting.
The board of county assessors met pursuant to law on the first Monday of March, 1890, to fix a basis of the valuation of property as a guide for the coming year. The meeting organized by electing Theo. Swartz as chairman and D. A. Van Trine secretary. The following was agreed as the schedule for assessing: House, 1 year old and over, \$4 to \$6; 2 and under 3 years, \$3 to \$5; 3 to 5 years, \$2 to \$4; 6 months to 1 year, \$1 to \$3; 1 to 2 years, \$1 to \$2; 2 to 3 years, \$1 to \$2; 3 to 5 years, \$1 to \$2; 5 to 10 years, \$1 to \$2; 10 to 20 years, \$1 to \$2; 20 to 30 years, \$1 to \$2; 30 to 40 years, \$1 to \$2; 40 to 50 years, \$1 to \$2; 50 to 60 years, \$1 to \$2; 60 to 70 years, \$1 to \$2; 70 to 80 years, \$1 to \$2; 80 to 90 years, \$1 to \$2; 90 to 100 years, \$1 to \$2; 100 years and over, \$1 to \$2.

THE JOURNAL.

Published every morning except Sunday and holidays.

Subscription price, \$1.00 per annum in advance. Single copies, 5 cents.

Advertisements: First insertion, 10 cents per line; second and subsequent insertions, 5 cents per line. Long advertisements by special arrangement.

Meeting of the Board of Education.

At the monthly meeting of the board of education, Monday night, the formal resignation of Miss Jennie Olsen as teacher was read, and the resignation accepted. W. E. Gilbert's bill for completing a room and other work at the Oakdale school house, which had been referred to the committee on buildings, was reported upon favorably and allowed. It became known that Mr. Gilbert had made only a profit of \$5 on the work, which the committee thought reasonable. A communication from Mrs. Owen, in regard to her standing upon examinations which had been questioned by certain parties was made. It was pointed out, and lacked by certificates that showed plainly the charge was malicious and wholly without foundation. An order was made for the repairing of the loose key-stones in the windows and doors at the high school building; also for a new out-house on the north side of that building. The proper committee was instructed to procure the necessary "copy" and have the revised rules and regulations printed in pamphlet form. The propriety of opening a new room in Oakdale school house was discussed, but considered impracticable before fall.

St. John's Review.

The visitors to the reception given by the faculty and pupils of St. John's Military Academy, Thursday night, might have appropriately made use of the words of Tennyson's lyrics: "I am a part of all that I have met." For each and every one of the guests, the property of the academy was made perfectly at home. The lights shed their brightness on the faces of a vast happy throng. It is a sight that will never be forgotten at the tables—a large representation surely, when we think of the incident night which must have kept many at home who intended to be there. Bishop Thomas and his assistants were very genial and gracious in the reception of the guests. The dancing hall was really too much crowded a portion of the time. The affair throughout was so delightful that a second reception would bring as many guests, if not more. The school itself is making wonderful strides towards that property and greatness which has so confidently been predicted.

Blind Boone, the Negro pianist, Saturday night.

Everyone should secure a season ticket for the lectures for twenty-five cents.

The chapel is reserved for the work in education from two o'clock until four each afternoon.

White does very neat job work in the press rooms in the University building. Call and see it.

The lecture by the Equimauz lady was very instructive. The audience was large and appreciative.

The orders for Prof. Gail's new music are coming rapidly, which proves the merit of the compositions.

The English literature class has finished King Lear and begun Midsummer Night's Dream. The latter play will conclude the study of Shakespeare by this class.

The Periclean society has been divided and a new society formed. A little rivalry will make both societies work better, and we have students enough for three societies.

The speaker's desk in the chapel is a beauty. Rutledge Bros. can do splendid work and the walnut finish, adjustable top and plush cover makes this the nicest desk we have.

Let everybody hear Blind Boone next Saturday night at the M. E. Church. Boone is one of the greatest living pianists and is accompanied by a vocalist of rare power.

The college paper is rapidly being printed. It will be a neat paper and its six pages of advertisements will do as much to advocate Salina interests as its literary excellence will do to commend the Wesleyan.

Misses Heimold, Shepard and Manchester took first honors in the final examination in arithmetic last Friday. Boys, you may just as well surrender at discretion. Hallitt, Harris, Eberhardt and Huey take notice.

We are disgusted with the so-called "Professor" who took upon himself the disgraceful work of circulating the low and infamous "Canary" among the honest people where he Sundays, although he well knew the personal attacks were cowardly and wholly false and ought to have known that no gentleman or scholar would touch the filthy sheet, much less carry copies of it to the streets on Sunday. When a man is so desperate as to fight with such weapons a rival institution, he should change his profession.

School Report.
Report of District 33. During the month ending March 1st, 1890, Enrolled 32. Number not absent 7. Number not tardy 6. Average daily attendance 22.5. Those neither absent nor tardy were William Hineman, Wilber Hineman, James Andrews, Harry Andrews, Mary Hineman, Freddie Hineman.

School Report.
Report of District No. 3, month ending Feb. 28th. Enrolled 10. Average daily attendance 25. The following scholars were present every day, Ora, Willie, Samuel and Clara Haxer, Albert and Ada Hahn, Andrew and Clara Humbarger, Willie and Nora Spohn, Stella Stegmyer, Peter and Mary Geersch, and Alice and Millie Hapke. Visitors during the month 2.

School Report.
Report of District No. 48, for the month ending March 1st. Enrolled 30; average attendance, 22. C. A. Criss, Nellie Taylor, Della Taylor and Walter Griggs were neither absent nor tardy during the month. No. of cases of tardiness, 11; No. of visitors, 5.

Report of District No. 48, for the month ending March 1st. Enrolled 30; average attendance, 22. C. A. Criss, Nellie Taylor, Della Taylor and Walter Griggs were neither absent nor tardy during the month. No. of cases of tardiness, 11; No. of visitors, 5.

While we should have been pleased to see a Salina county man capture the prize, we feel like saying "well done" to the Governor in his appointment of Hon. R. F. Tamm, of Minnesota, as judge of our new district. He is not only a gentleman who is clean both as to his public and private character, but a good lawyer, and will make an excellent judge.

The county commissioners were in session yesterday. They approved the bond of the First National Bank, and the bond of C. E. Granger, justice of the peace of Spring Creek township. F. M. Hebrich has resigned as treasurer of Gypsum township, and his successor will be appointed as soon as the will of the people living there is ascertained.

About the happiest man in the country is J. M. Erickson, the father of Sharon Springs. By his labors, and those of his friends and attorneys, he secured a legislative enactment which makes the Springs the capital of Wallace county for the next five years. The Erickson family investments thus become very valuable. No wonder, then, that Erickson, Ferlen and others wear such broad grins.

J. E. Bacon, the old and well-known farmer near Mentor, has sold his farm, and is now the possessor of a section of land in Rawlins county, to which place he will remove about the first of next month. Mr. Bacon is a stock-raiser, and his advantages for grazing were becoming limited, hence his removal to a county where farms are not so numerous. His Salina county farm is now the property of Mr. Dickey.

The street force has been making "excavations" in the gutters with pick and shovel, during the past week. They have reached the "foundations of antiquity," but not as yet struck any of its treasures. It is the first time that the stony pavements have seen the light of God's green sun, as a Salina street of yore remarked, for many months. We would like to see excavation work in gutters often.

Senator Molder upon his return was warmly congratulated upon the record he has made this winter. There was not a member of the Senatorial body who commanded greater influence or stood higher in point of ability, than the gentleman from Salina. Even the "old stagers" went to Molder for advice and assistance in all important matters, and did not hesitate to compliment him as one of the ablest legislators the State Senate has contained.

The Chicago News of a late date contained the following:
Superintendent of Police Hubbard has received a letter from Miss Maud Smith, Salina, Kas., which says in substance: "My father built a wooden mortar which was used during the rebellion in bombarding Fort Spanish in Mobile bay. I understand that your museum was brought to Springfield since the war and is now in one of the museums of Chicago. My father desires to recover it and I would be glad to assist you in making an inquiry concerning it."

The following sections of the new judicial bill is all of it that our readers will be especially interested in, and we publish them.

SECTION 25. That the thirtieth judicial district is hereby created, composed of the counties of Ottawa and Salina.

SEC. 26. That the terms of the district court shall commence in each county in the thirtieth judicial district in each year as follows: In the county of Ottawa, on the first Tuesday in January, May and September; in the county of Salina, on the first Tuesday in March, and the third Tuesday in June and October.

Charles, son of R. F. Johnson, the grain dealer who formerly resided in Salina, has been offered a situation as artist for Harper's Magazine, beginning July 1, at a salary of \$100 a year. The Kansas City Times says of him:

The young man is scarcely 25 years of age, but is already one of the best known artists in the country. When at home he illustrated articles in the Kansas City for eastern papers. Less than a year ago he went to New York, where his work brought him speedy notice and profit. The only instruction he ever received previous to entering the New York academy was in this city.

It is probable that for several months the government building project will have the calm and peaceful serenity of death; but when the time for action comes we should all be alive and prompt every effort in its behalf. With the new Congress and new committees the work has to be all done over, and it would not be a bad idea to commence at once upon schemes which will aid the accomplishment of what we want. Repeated whispers in the ears of our Senators and Congressmen may do good, to remind them of promises made us but not fulfilled.
